LIQUATEC PMF / PMF-A / INF SERIES FLOWMETERS

Are of consistent quality with unparalleled endurance. Utilizing our experience in Engineering and Injection Molding, we have developed a low cost, competitive, and highly consistent quality product. Our product reduces the chances of human error often associated with handmade machined products.

LIQUATEC PMF / PMF-A / INF SERIES FLOWMETERS

Have easy-to-read scales, silk-screened onto the acrylic bodies, that are extremely accurate. With our durable, attractive, low cost construction, and practically unbreakable bodies, you will soon make these your flowmeters of choice.

ADJUSTABLE PANEL MOUNT FLOWMETER

MATERIALS OF CONSTRUCTION

- BODY ACRYLIC, PLASTIC
- ORINGS EPDM
- CONNECTIONS POLYPROPYLENE
- GUIDE 304 STAINLESS STEEL
- FLOAT 304 STAINLESS STEEL
- MAX PRESSURE 120 PSI (827KPA)
- TEMP RATING 120°F (34C)
